Subscription \$2.00 a Year

## CHAUTAUQUA PLEASES ALL

Here Again! Gone Again! Will Come Again!

Six Days Filled with High-Classed Entertainments of Great Variety and Interest

Chautauqua this year was a shock to many interest. His description of the house-life in Russia in simple every best yet produced in Gleichen. If day language was appreciated while there is one person who was not satisfied they got their full value we have yet to find.

Each and every entertainment was a variety of entertainments that every taste found something to its liking. There was the element and similarly lowered down to the level of camp life and in music from the classic to the modern.

Perchance the very best evidence of the popularity of Chautauqua is that despite the deficit to those who guaranteed it another hundred signatures have been secured to guarantee \$1400 to have Chautauqua come back again next year, each individual agreeing to be responsible for the sale of \$15 worth of tickets. This is surely the very best evidence of how Chautauqua is appreciated in Gleichen.

Miss Conn arrived a day late but made up for it by giving the most delightful performance ever seen. She was a party to the impression that wended through our town's streets Tuesday noon, with their flags flying and some very picturesque and comic costume.

The songs and choruses alone were well worth all the trouble and a credit to Miss Conn, who by the way was the first to arrive. There was some misunderstanding between the children at Wednesday morning at the school exciting another round with their leader, only later to learn the press was the ending of their fun.

Miss Baker as manager wanted no time in long speeches or introductions but had a short talk in all things, which is essential in conducting programs of a full week's duration.

The All States Saxophone Quartet filled the program both afternoon and evening of the first day and the delight of pleasure was evident all along. In the evening by Capt. T. Dimmose Upton, who is an entertainer of high order and his subject "Re-creation of Recreation," was listened to with most earnest attention from start to finish. If Gleichen does not come through with a swarming program of good shows for boys and girls then we must be hard-hearted lot of folks, indeed. At another time we hope to give some of "Denny's" statement made that night.

The Adamses comprise a quartette that Canadians may well be proud of and their performances at both entertainments on the first day were most excellent and enjoyed.

Leom Coop with his "Family Band" is a surefire for grouch and we feel sorry for any person present who did not have the side-ache that night. Come again Coop and cheer us some more.

The third day the Blue-Wings Ladies Orchestra was given. Also another "Memories" before "Present Day Problems of Self Government." With the British Empire" was most enjoyable in the afternoon, although some would like to have heard more of Ireland. The orchestra assisted by Fewwick Newell, the Canadian tenor, and others, sang a special

country. Parry, "The One Man Band," with a whole orchestra in himself, and while pleasing to young and old appeared to enjoy himself as much as any. Wm. H. Stout on "Seeing Life Whole," was undoubtedly the master lecturer of the Chautauqua. That evening Morris Jindas' lecture entitled "Stormy Russia" was listened to with in-

## BASEBALL NEWS

### (Continued)

On Friday night the Boys baseball team went to Standard to play the Standard boys. They returned home with the long end of a 11-8 score. That hitting star of the game was our home run artist Bert James, who had a homer, two triples and a single to his credit. The record of the boys played very good ball. Frank Gieschen was the coach and pitched a very good game.

The Standard boys played a return game here last Friday, but owing to the fact the weather was not very good a poor crowd turned out. At the final Gieschen won with a score of 4-1.8. It is pretty hard to pick a winning pitcher when the ball and bat did good work. Harry Poest needed assistance when at bat for the ball would come so close that he sat at the plate and was so astonished at what he had to be assisted to his feet. He was then assisted back to the bench and a field tip, but continued playing all the end. The pitcher of the standard club is reported to be only sixteen years old, and if that is the case it will be worth while to keep an eye open for him, for certainly we are bound to give the names of the boys who will be the stars of the future.

That the soccer book has disappeared, but the following is the latest line-up: D. Houck, lf; A. Conn, 1st b.; H. James, c; Stoffle, ws, s.s.; C. Lyons, 2nd b.; H. Poest, rd; B. J. Wright, e. f.; and Franklin p.

John Bushnell—At Strathmore the school boys won by a nose some time ago the 6-20, and at Vulcan got slipped 10-4. We are still prosing our school boys—but, who will open to Bismarck to-night?

The other day we heard of a man complaining that his crop would not average more than 15 bushels to the acre, and that he had to plant 15 acres to get 15 bushels. This is the average every year over the huge Prairie Provinces. But then Gleichen is a favored portion of the great plains, and is hard even for just to figure among the averages. However, it is not unusual that some crops in the Gleichen district will fail to hold up to the acre mark and after. Check up there are really a whole lot of crops hereabouts.

Those who purchased this year's tickets will be happy to know that we brought with about 900, each and some were unable to sell their tickets and will be out of pocket \$15. This is not surprising, as the average price per ticket is 75¢.

The seating capacity of the big tent was the last night tested to its limit and many stood throughout the performance.

Those who purchased this year's tickets will be happy to know that we brought with about 900, each and some were unable to sell their tickets and will be out of pocket \$15. This is not surprising, as the average price per ticket is 75¢.

Mr. and Mrs. W. J. McMullen left our last Saturday to spend a short time in Europe.

When your friends you send in the postals to "The Call" for publication and let them see you are appreciating their visit, and also that you have friends here who are interested in your doings.

People realize how difficult it is sometimes to get even a six line news item printed right away.

One of ten the most important one-hundred things in our society is the use of the telephone.

And when sifted down is quite different. Just start out any day and chance up one two items you hear usually and see what a merry time you will have before night, and how much other work you will accomplish that day. Oh, it's lots of fun to do up news items—try it.

## COMING EVENTS

Aug. 16—Barbell Vulcan vs. Gleichen at Gleichen.

Aug. 28—Gleichen Public School for the new term.

Aug. 28—Annual Meeting People's Market Shareholders.

Sept. 20—St. Andrew's Church Chicken Supper.

Sept. 29—Gleichen School Fair at Gleichen.

Sept. 29—Quonsetown School Fair at Miles.

## INFORMATION WANTED OF FRANK KELLY

Major C. B. Hyndman has received the following letter and has wired it to the Call to see if some of our readers can help supply the desired information: "I am writing to you to ask if you know anything of the whereabouts of my son, Frank Kelly, last heard from in 1914. He was working in Gleichen with the Dominion Land Surveyors, and I understand he left for the west in 1918, and I heard regularly from him till 1914, since then have had no trace of him. If you know any information will you kindly let me know soon as convenient and greatly oblige his mother, Mrs. S. E. Kelly, Woodstock, N. B."

The coal situation in Alberta is quite serious ones in Alberta and our nation supplied in Brown's Transfer in this issue.

Every Tuesday and Saturday moving pictures in Opera House at 8:30 p.m.

## DISTRICT AND LOCAL

There is one ad. in this issue few ill miss. See if you can find it.

Gleichen never had a crop failure and 1922 will be no exception to the long record.

The O. K. Laundry is offering to supply Chinese cooks in their ad. in this issue.

Now, really are you not glad that Chautauqua will come to Gleichen again this year?

The ladies of St. Andrew's Church will again provide a chicken supper on the night of the Gleichen School Fair—Sept. 20th.

Last Friday the residents along Fourth Avenue prepared to the town how to handle along where the snow was excessive and record high. Such had, which was in a frightful condition, but a shortage of water in the "big pit" interfered and the skies looked considerably like rain. That night dence nature accomplished the trick to everyone's satisfaction and followed up with another nice shower Sunday night. Now everyone is smiling.

## FOREST FIRES AND SPORTSMEN

Ever forest fire destroys game and cover. Less game means less sport.

Any lighted match, lit cigar or cigarette or hot pipe ashes thrown down can start a fire.

Different laws require gun permits, or special times places or ways of carrying firearms free. Sportsmen better know or observe these things a sportman does.

Small fires are more comfortable and usable than big ones for cooking and warmth.

This is not until out it is dead. Small fires never mix with water or mineral soil before having it.

Act as though you were a forest fire warden in preventing and putting out fire and in demanding of others like care and like respect for forest laws.

It is to your interest and is a vital necessity to protect our forests from fire.

## AFTER WIN. H. COATES DIED LAST MAY

William H. Coates who was a resident of Gleichen from 1905 to 1914 and was connected with U.P.R.R. irrigation work at Cluny died at South Amherst, England, on May 10th, according to word received in this town. The deceased was 60 years of age. When war was declared in 1914 he offered his services to the U.S.A. and was accepted by the Imperial Canadian army as an instructor. Previous to coming to Canada he served with the 5th Hussars for 8 years, and with the 7th and 20th Hussars for twenty-one years. He participated in the Boer War, and in the First World War. The deceased was a Mason and past master of the Royal Arch Lodge. He is survived by his wife and one son, who reside in Calgary.

The above has been sent us by a request that it be published with all the respect and sympathy compiled with it. Although we published a similar notice some time ago, yet many seem to have this fact confused with other reports circulated during the past year or two. Coates resided at Quonsetown where he was the life of the community and made for himself hundreds of friends through out the country. The deepest sympathy is expressed for Mrs. Coates and her son "Billy" in their great bereavement.

## PICTURE SHOW

Coming on Labor Day, the world famous picture with Rudolph Valentino, "The Sheik".

Watch for the "Leather Pushers" begins on Tuesday September 12th. Six 2 reels, each one complete in itself. Show at the Allen Palace, now booked for at the Allen.

## COAL TRUTHS

You are no doubt aware the coal situation is still unsettled and indications are that there will be a serious shortage this coming fall and winter. We keep in close touch with the various mines and will try to get large amounts of coal and New Castle coal as soon as the mines open. Get your orders in early and be assured of good coal. We handle only the very best coal procurable both of which need no introduction to the Gleichen community.

GLEICHEN, ALTA., WEDNESDAY, AUGUST 9, 1922

The other day we heard a farmer remark that the day is not far distant when the farmer who does not grow his own strawberries, gooseberries, raspberries, currants, etc., will be looked upon much in the same light as those who buy butter and eggs.

Hon. Geo. Hoadley made the announcement in the house that he had taken up with the Dominion Trade and Commerce Branch the matter of finding a market for rye which will be produced in Alberta this year. France is one country which has a very extensive market for rye this year and negotiations to reach this market are going forward.

Capitalists, bankers and others are at present doing their utmost to get the general public to talk of times improving and business revival. The simplest and easiest way to accomplish this is to hand out a few millions to the farmers, merchants, laborers, not forgetting the newspaper men. Money will make most anyone talk, and the more money the longer and louder will be the talk of prosperity.

Strawberries are doing well in several districts in Alberta this year, and some of the gardeners in the Gleichen district have sold quite a number of crates to our merchants as well as many privately. I have heard of a man who has sold a large quantity who is said to have shipped 1200 boxes this summer from his plots. In time it would appear that Alberta will be able to supply the major portion of that required in this province.

There is a great opportunity for our red brothers of the Blackfoot Reserve to make money growing wheat and barley. I would like to point out that the reserve area is a shortage of hay and feed generally in Northern Alberta. Every year thousands of tons of hay go to ruin on the Blackfoot reserve for the want of cutting and the Indians, who are the owners neglect it and do not want their white brothers to cut it. These are the same red men who are ready to complain of their conditions and find fault with the government officials.

During the session of the Legislature the Hon. Geo. Hoadley made the announcement that the grasshopper campaign, which covered over 1500 townships in the province, had cost about \$450,000, about half of which had been borne by the municipalities. This amount was equal to what could be produced from less than two townships at an average yield of 15 bushels a plot of \$1.00 per bushel. Thus if only two townships of wheat had been saved, the cost of the campaign had been more than met. But the campaign had covered over 1500 townships and the saving would be many times greater than the cost.

The crop situation in Alberta has reached a condition where it is possible to make a fairly definite statement respecting the probable harvest.

Taking the province as a whole, the crop is even, although new breaking and well worked summer fallow, yields of from 30 to 40 bushels are expected, in almost every part. On stubble plowing, both fall and spring, the yields over 40 bushels are the probable result to be had.

The winter crop is a very short one and the yield will not be as large as for several years past. A very considerable portion of the oat crop will be cut by mowers for hay. In some districts this work has already commenced.

The area from Calgary south extending to the boundary of the prairie, between 105 and 110 longitude, will be some small crops. Some fields of wheat at this area give promise of 40 bushel yields and 30 bushels per acre will not be uncommon. The whole south western part of the province has been favored with good rains. In addition to this a reserve of moisture was held over from last season, the fall rains being quite plentiful. The south eastern part of the province has not been so favored. Fairly good rains have fallen but the crop is somewhat spotty.

In the whole of the south a heavy yield of rye is anticipated and cutting of this crop is now practically completed. Most of the farmers have harvested most of the rye crop for this fall. This will mean that the farmers of the south will not have to import much feed for the coming season.

The whole central and northern part of the province has been short of rain through the season so far. If rains were to come at the present time, it would materially improve the later sown green feed and hay.

Loss from grasshoppers has been very small throughout the infested territory owing to the energetic campaign waged against this pest. Poisoning will have to continue for some little time yet particularly in the breeding grounds.

The department has commenced investigations respecting hay supply in the northern areas. A consider amount has already been located. The drying up of sloughs will make it possible to secure hay on lands that have not been sown for many years past.

It is somewhat early to give a detailed statement regarding average yields for the province. If rains were to come at the present time, during the filling period, it would materially improve the situation.

The Alberta Government has decided against giving aid to the Salvation Army scheme for bringing a number of women and children to Canada from Great Britain.

### DISTRICT AND LOCAL

### BIG CIRCUS AT CALGARY AUG. 15

An Up-to-date Circus House and White Legion Circus for sale at W. G. S. Gourlay's residence.

Mrs. Ell Woods has presented the Cal with a basket of very nice picking beets, which are greatly appreciated.

Manager L. Cutliff of the Bank of Commerce is happy over the arrival at the Gleichen Hospital, on Friday, August 4th of son.

Yes, this year's Chautauqua is by far the best yet to appear in Gleichen. Something good and worth while at every performance.

Had the rain served two weeks earlier it would have done more good yet it was mighty welcome and will still do an immense amount of good.

Farmers take notice—Do not let your hogs escape on to your grass or on shipping days. Call us up for information. Picnic Market, Chris. Hartshorn, Prop.

C. J. Safford wife and family returned Friday from an auto trip to Gull Lake, taking in a number of other points north during the trip. He has already resumed his place at the C. P. R. depot.

W. G. S. Gourlay left last week for Prince Rupert, C. B. where he has secured a position, his wife and wife shortly after. He was for several years manager of the Gleichen Jewelry Co., and the many friends join in wishing Mr. and Mrs. Gourlay success in their new home.

Mr. John Lester returned last week from Calgary, and his friends were not only surprised to see him about town but very much pleased. Some weeks ago her life was despaired of and when she was taken to Calgary few thought it impossible for her ever to return alive—Thus the rejoicing.
